

THE DOS & DON'TS *after* FIRE DAMAGE

DO

Take photographic evidence of the damage

DO

Get in touch with your insurance company as soon as possible

DO

Pour antifreeze down plug holes and toilets to avoid pipes from bursting in cold conditions

DO

Throw away all food and drink left in the building

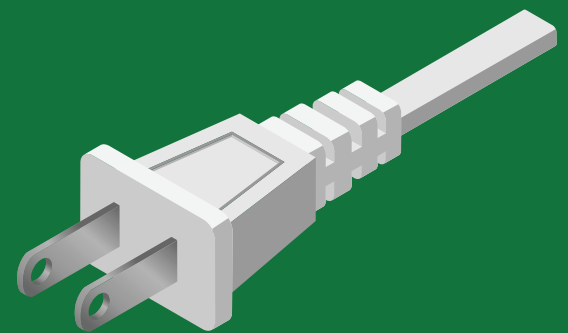

DON'T

Do not attempt to enter the building before the fire department lets you know it is safe to do so

DON'T

Do not turn on, clean or use any electrical Appliances

DON'T

Do not turn water, electric or gas back on, unless you are told otherwise from the fire department

DON'T

Do not try to wash any fabrics yourself. They will need special treatment to remove smoke toxins
